I was 14 in August 1949 and about to enter high school when my family moved to Noank. I knew no one, nor where anything was. Luckily, Terry Reeve was a classmate and we became friends. He coached me in a number of things, and was my principal source of learning how to handle a boat. As teenagers we had many adventures together, some of them not so smart, but all with great memories! At his death, Terry was the longest time friend of our youth where we have remained in touch. This world will be the lesser for no longer having a gentle and warm person like Terry in it. Ben Davis, Boxford, Mass.

We will remember Terry as a good friend and a well respected, kind hearted member of our community. He was active in organizing our neighborhood watch and had a great working relationship with the local police. We enjoyed hunting at his favorite spot for beach glass with him. I remember him apologizing for the lack of beach glass on that day and yet it was the most glass we had ever found in just one day. He is a dear friend and we will miss him but never forget him.

RIP Uncle Terry. I wish I got to know you more but because we always lived so far away from each other, it was kind of hard. I can say that the few times I did meet you, you always treated me very nice. In fact the very first memory I have in my life, is of my mother singing "Ave Maria" in the church for your wedding. You are in my thoughts and prayers and I'm glad you're not suffering any longer.
