My dear friend, Cheryl Mae. You will always be "Cheryl Mae" to me. You have occupied a special place in my heart that started in airline school in Minneapolis. We moved on to National Airlines in NYC; and together we toured Japan, Hong Kong and Bangkok on very little money and had a wonderful time. Then, our lives went separate ways but you always had a special place in my heart. I still have the Marimekko you generously gave me when you lived in Arizona. It's in my dressing room holding my earrings. It always reminds me of you and will remain very special to me. This year I sent you a birthday card on time, which was not always the case (a weakness of mine). However, it was not on time for you. For that, I am very sorry. You suffered most of your life with that incessant kidney disease. I had so much empathy for you. I wish we had not lived on 2 different coasts. I could not be there but I knew Chuck and Jodi were loving and caring for you every day. Chuck and Jodi, I love the picture of Cheryl you have used here. It is the Cheryl I will always remember. May all the wonderful memories keep Cheryl's spirit alive in your hearts. With my deepest sympathies, Bonnett Barney?

Dear Sherry, Bob and I were sad when we read your sister has died. Please know you and her family are in our thoughts and prayers. We were remembering at dinner how active you and Cheryl were at Highland church. We hope your health has improved. Love, The Vintons

What I most remember about Cheryl is her wide smile, ready laugh and spirit of adventure. When Charlie and Cheryl visited us, they would tell of huge dinner parties they had hosted and frequent trips they had taken. It seems they left home at the drop of a hat to seek fun and adventure. I was amazed at how they could just pick up and go so frequently. (I think Cheryl may have been the instigator for a lot of their travels.) She would often share news of Jodi's accomplishments with a mother's love and pride. Cheryl had a tough road to follow in life - never complaining, just accepting. But what I'll always remember is that smile and her sense of welcoming love to her many friends and family. She and Charlie were a match made in heaven. Now she is patiently waiting for Charlie and Jodi to join her there for yet another great adventure. Susan and Dick Carelli (Susan is Charlie's cousin)
