Grandpop, wow, it's hard to believe that you've left us. You welcomed myself and Chad to the family from the first time we met you. I loved listening to your stories and words of wisdom. I know that you have had a tremendous impact on my daughter Kristina's life. Michael and Kristina will carry your love and teachings to their son due to be born in December, 2009. We will keep in touch with Barbara for you. My only regret is that we didn't have many more years to share your love and learn from you. Chad and I will truly miss you. Oh and Grandpop, I will have one (cigarette) for you as you always asked. Much love!

Uncle Carmen, I will never forget wondering as a child how such a kind man could live under such a rough, gruff voice. When I picture you, I always see you in your chair, pipe in hand, and Prince by your side. Our visits to Dover are memories that will be with me forever. Aunt Barbara cooking pasta and garlic bread, playing with our cousins in the basement, and especially smacking that wiffle ball into the neighbors from your back yard. I was sure I was headed to the majors. It was a blessing to have seen you again these past couple years, and for you to meet Halley and the girls. You will always be in our hearts, and be loved forever.

Grandpop, First I would like to say in the short time I have got to know you, you were a wonderful man who touched hearts in many peoples lives and always held out a helping hand for those in need. You were a very strong man who fought till the end and would do anything to see his family together and happy. I loved that in you! I miss playing solitair with you while Jeremy was working (even tho you tought me to cheat!!!) You have helped us in so many ways and always had a heart full of love!! When you pulled me to the side of the bed and told me how happy you were that Jeremy and I found each other and that you loved me touched me SO deeply and really made me feel apart of your family that I never had. Grandpop we will miss you GREATLY but I know you are in heaven watching over Jeremy and I and your unborn great grandson, who I wish greatly would have gotten the chance to know you but your memories will live on in Jeremy and I and never be forgotten. I want you to know Grandpop I will always keep the promise that was promised to you the night before you passed and never let you down. Thank you for making such a wonderful, joyful, loving family for me to be apart of for years to come! We all love you and miss you dearly! Love, Andrea

I moved to Lewes in 2006 from Newark De into the community without knowing anyone. Within a few months I met Carmen & Barbara Leto. I instantly knew we would become good friends. People gravitate to them due to their kindness, love, superior values about life & the love of their family. I love them both very much. I watched Camen struggle to become well. He was an exceptional man & determined (or should I say hard headed). He gave me great insight on life. I would call or stop over,we constantly debated & of course he would win or I let him think he did on some occasions. My personality is very excitable & hyper & something was always happening to me, some good, some bad. I always had them laughing at my experiences. Carmen would always tell me to breathe & calm down. I will miss his friendship, love & also trying to help me. Now when I get in a situation, I look up to Heaven & say "Carmen, what do I do now?" You're still in my prayers every night & my heart. I will watch over Barb. I'll see you again some day. Love & God Bless You. Your neighbor friend

Dear Grandpop,I miss you very much. I wish you never had to leave. When you were laying in bed at the hospital, I came up to you and put my hand on your leg. I prayed to God and said,"Please my Lord, take some of my strength and give it to Grandpop so he can live longer." I didn't want you to die, so I was real sad. I wish it didn't have to end like this. I guess it was God's will for Grandpop to move on. Mine was for him to live longer. I LOVE YOU!!

My father was the strongest man I have ever known. He set the standards high, growing up, and made me always strive to do my best. He was tough, always leading me in the right direction and always very much the counselor. He continued that with my five children also. I will miss asking his advise and opinion, as I found I always agreed with him. He did an excellent job preparing all of us for his passing as we spent his last days with him. I will never forget his last meal with us. He really had enjoyed that pizza. Dad, thank you for always being there for me and my kids. You have been the best dad there could have ever been and I will miss you for the rest of my life. I love you Dad.

Sorry for the rough ride. Thank you for the time we had together. I LOVE YOU and MISS YOU.

"Dad Leto" was a terrific man and he had an impact on so many lives. When I think back, it has been such a journey over the last 30 years. Our paths were brought together through tragedy but it was truly a blessing in disguise. "Dad" provided a shoulder whenever you needed one. He also provided guidance whether you wanted it or not. "Dad" loved his family and found his most joy by spending time with them. He traveled to see my boys play lacrosse and Football, as if they were his own grandchildren. "Dad" was admired by those he coached and taught and he was respected by his peers. I am so lucky to have had such special time with "dad" and to be called "his 2nd daughter". I know now that he is in heaven....fishing and spending time with Bill. He will be so missed but we will all have the wonderful memories he gave us through the years. Don't worry "dad".... I will help take care of "mom". I love you "Dad" and I know we will be reunited again in heaven.

My father was a good man, a wonderful husband, a great father and a devoted grand father. He spend most of his retirement years traveling to watch his six grandchildren play many different sports. He will be missed and we will never forget the love and support he gave to us all. We, all twelve of us, spent all day friday with Dad. All he wanted was to be with his family during his final days. Mom and Dad celerbrated their 50th wedding anniversary on the 25th of august and Dad went into the hospital on the 26th. We are so thankful he stayed with us for that milestone. He left this life his way, ensuring we were all together .Now he is fishing in God's sea and i'm told the fish are huge there. Someday Dad and i will have the oppportunity to fish together again. Dad, I LOVE YOU

Mrs. Leto and Family, As you know, we just spoke on the phone and enjoyed so many memories together of your wonderful husband and our fantastic teacher, but I also wanted to put a few words on the website. I will ALWAYS remember Mr. Leo and he will ALWAYS be in my memory. He was always so much fun in Driver's Ed, he would make sure that you learned what you were supposed to, but was also so funny. I will ALWAYS remember him with a tootsie roll pop in his mouth! :) We are so sorry that he was not able to make it to the CHS Class of 1971 30th and 35th reunions, but I will remember fondly the phone calls when I spoke with him when I called to invite you both. You are always invited to our reunions and Mr. Leto will ALWAYS be remembered on our "Memory Table" at our future reunions. I wish I could be there at the Memorial Service, but I will have you all in my thoughts and prayers. God Bless you All!
