I am not even sure where to begin. This is still a shock to me. Kristee, I am going to miss so many things about you. I am going to miss your awesome smile! You loved to smile and take pictures with your cell phone. I often told you, you need a photographer to take your pictures :) but you did a good job capturing your smile all on your own. I am gonna miss you talk about your favorite Reggae band or some new song. I will miss our many conversations about this or that or you bragging about how nice the weather was in sunny south Florida in the middle of the winter! I am happy that I was able to hang out with you when I visited the Miami area last summer. I am so thankful that we became friends way back in our Dover days. You will be surely missed. My prayers and thoughts go out to all your many other friends, co-workers, and family members during this difficult time. Love, Chuck Purnell
