I have thought a lot about my uncle Bernie lately he was an amazing person and a best friend to me when I was growing up. My uncle treated me like gold when I would visit he would bring me around to introduce me to all his friends and business people he knew. We both loved sports and he would take me to Knick games and Phil's games and the big east tournament at the spectrum eagle games boxing golden gloves at the garden he was so much fun and loved me very much as I did love him . My uncle had the most amazing stories and upbringing with his dad Sonny at onetime W C Fields managers and also owned movie theaters and loved racehorses. My uncle helped save my life and enabled me to find a way out of drinking and drugs and see another way to live when I was just 20 years old and I have a little girl because he was so involved in my welfare and recovery. I miss him very much and loved him very much and will always remember my life with him and remember it as some of the best times of my life. Thank you Uncle Bernie loved your nephew David
