Aunt Linda, I have missed you at family gatherings because you werent able to come. I will miss your emails too and asking you information about our family tree but I know how sad and tired you were and I know your healthy now and with all of our loved ones. You were like a mom to Dale and I when we lost our mother and we were your children when you lost yours. I love you Aunt Linda and will miss you but I will see you again one day.
