To Nellies family my heart breaks for you. Nellie was a wonderful and funny woman who loved her family deeply. I have so many memories of her growing up and her laugh. And I'm so grateful that she was able to see the newest additions to the family. She will be missed dearly. Praying for the comforter to come down and embrace all the broken hearts and help them get through this loss. And that they will find comfort knowing Nellie is in a better place.

I don't know what to say. My life memories are flashing before my eyes. The beach memories with you and all the kids were the best. You even rode the rides at the boardwalk. For the life of me I can't remember your favorite flower. I will though, and when i do I will buy you a bouquet and release them one by one at your favorite place the ocean. I missed the last several years where you were unable to go. This last year has been the hardest, because I couldn't make you better. When things got tough you still enjoyed your family. You were our Matriarch mom. You always the good side of everyone, and that's why I am like that too. You were wonderful to my children, and i so wanted you to be around too see Lila grow from a baby to a little girl. I hope I can be the Mom Mom that she deserves just like you were a great Mom Mom to all of your grandchildren. I keep looking for a sign from you that you are happy and carefree where you are. I hope that you are with all those that you loved and lost. You also have a whole flock of animals that you loved and lost. I love you mother, like no other. I miss you so much. I hope I love with my whole heart like you did....
