I met Mary Jo at the UD Lifelong Learning at a bridge class. I enjoyed playing bridge with her for many years in the Rehoboth area. I moved back to Wilmington about two years ago so I haven't seen her since. I'm sorry to hear of her death.

Mother, You represented a very bright light to me throughout my childhood. Sharing your company was always something I enjoyed. Even though we weren't directly related, I was proud to introduce you to the other significant people in my life. I respected your independence but wish I would have intruded upon it a few more times before your passing. I would have reminded you how very much you were loved, even though you would have verbalized your doubts. I hope you're receiving that love with open arms now. It's comforting to think of you being reunited with your departed friends and family, particularly "Woody". Hope you two are able to play plenty of golf! Rest in peace special lady. Love, Megan
