Dad, I am so lucky to have been given one of the best gifts of all - YOU!! I have so many fond memories, too many to write. You and mom have always given Mike and I so much love and support, we could not have asked for better parents!! I know at times you were hard on us (believe me we totally deserved it) but that is what made us who we are today and I am forever grateful!! I honestly cant imagine one day without you but i know we will be together again one day. I love you and miss you so much!! Rest in peace dad. Love you with all my heart!! Your daughter, Christine Heather

Mike was my best friend and we have so many memories. We met at Lewistown H,S. when he taught Biology and I taught Math back in 1963. He hunted on our farm for deer and my mother loved him when he went in the house. We used to talk on the CB radios on the way to work. His handle was rainbow any mine Deerslayer.. We often fished before and after work. We fished all over Pennsylvania and I was a good fisherman but never as good as Mike. He taught me a lot. Even when we hunted and fished he talked about Rose. He loved Rose. We took 4 different trips to the West, 2 were hunting and 2 were fishing and often stayed in a tent. We have always stayed in touch and I tried to answer all his emails from his smart phone. I sent him a pile of pictures before Christmas of our trips and other stuff . It is spooky I would never see him again. He took me to Shamokin a couple times. I love you Mike. I am sure God will have you fishing somewhere.

Mike was an excellent educator , as well as a good fisherman and friend. He helped get me started in fly tying many years ago through his instruction at the Trout Unlimited fly tying class. He loved fishing the tide changes at Indian River Inlet, and was always willing to share his knowledge. Sympathy and condolences to Rosalie and his family. He will be missed.

'Uncle Mike' always had a warm welcome with his sidekick 'Aunt Rose'. I will forever be grateful for their generous hospitality and ability to hold a conversation about nearly any topic. They both are such loving and accepting individuals. I feel very honored to have known Mike! Rest easy, Uncle Mike and catch lots of fish in between berry picking sessions!

Rosie, we are so sorry to hear about Mike. It was five years ago in Florida when we met this amazing couple, only to find out you were living in our own state. He was such a wonderful guy and the times we all spent together will never be forgotten. I will always remember him telling me about how he met you. It was such a great story and told with so much love. Mike will truly be missed but never forgotten. Rosie, our love, thoughts and prayers are with you and your family. oxJim & Elaine

It was a big shock for me to hear that Mike passed away. We started first grade together. We were around each other for the next 12 years and he ended up marrying my neighbor Rosalie. A few months ago I came across our 1st Communion picture and it reminded me of the years that went by and the good times we had. My wife and I will have a Mass said for Mike. May he rest in peace. So sorry to hear of the passing of Mike. Pete and I both have memories of spending time together at camp. Pete and Rich both are using a fishing rod that Mike made for them. Will always remember Mike when fishing. Rosalie, you and your family are in our thoughts and prayers. God BlessPete & Pat Crosson & family

My husband and I were saddened to learn of Mike's death. As one of Mike's Biology II students in the 1964-1965 school year at LGHS, my husband thought Mike to be an exceptional teacher; perhaps more importantly, he thought him to be a very positive, genial person. In my later association with Mike as a substitute teacher for the school district, I was aware of his reputation for professional excellence and for treating others fairly. From the thoughts that people here have shared, Mike was a well-loved and well-respected man. Our condolences to Mike's family and friends. Sandra and Michael Hartman

Mike we were so fortunate that you and Rosalie decided to come to Florida during the winter months. I still remember opening that e-mail from a Mike Fish and wondering who is this guy and then eventually learning it was a high school classmate. We so much looked forward to you and Rosalie coming to Florida and being able spend time together reminiscing about the
