My dear friend Jerry and I met at work - she was someone I so looked up to because of her knowledge, class, discretion, and warmth - and because she was a champion for our agency, USAID, and for staffers that were serious about committing to our important work. She was tireless - always had time for you. As the years passed, Jerry became my girlfriend and I came to enjoy going to Rehoboth to see my Mom and Stepdad not only because they were there but because it gave me an opportunity to be with (at the casino or a restaurant or at her house) with Jerry! There will be another big void in my life with her passing. But I carry her in my heart always and thank God for the this wonder friend who had to confront too many challenges in her life - but had the strength to navigate thru them because of the love her children, grandchildren, sister, and other family members and many, many dear friends in the US and around the world where she served our country and her host countries AND because of the deep love and faith she had in her God. Hugs to you, Jerry. Love Carla

To the Family: I had the pleasure of working with Jerry for most of my USAID career. Jerry was one of my mentors some 41 years ago when we both moved into the LAC/EMS Office. Jerry's warmth, generosity, bubbly personality and high energy always endeared her to me. She remained an exceptional colleague, friend and inspiration. I had the good fortune to reconnect with Jerry a couple of years ago; and the opportunity to spend the day with her, her sister Mary Anne, and friends one day last August. It was an absolutely great day getting reacquainted and sharing memories of USAID. A day I think of often with very fond memories. I always thought of Jerry as being like the "energizer bunny" -- all charged up and ready to move forward. I still saw this in her until the end. She put up a good fight, but God thought it was time that she rest. I will miss her deeply but will always consider my life brighter and richer for having known her for the past 41 years. To: Nanette, John and Mary Anne -- My prayers and heartfelt sympathies are with you. Robert A. Ward

To the Family: I'm so sorry for your loss. Jerry has left a wonderful legacy for you to follow and remember. Her high standards of professionalism, work ethics, character, values, sense of humor and love for all of mankind have been felt around the world. She will always be remembered. She loved and was concerned about her family. It was so funny, when she was end the office, especially on Friday, she would say, "I've gotta get out of here so I can get across that bridge before the traffic builds up!" She was a blessing to us on many occasions. RIP Jerry. JOB WELL DONE!To USAID: Jerry was like family! We just kinda always felt she would be there. I worked with Jerry for many years directly and indirectly. When I retired in 2009, she was working with the Tiger Team assisting the Europe and Eurasia Bureau. We could always count on Jerry. She loved to travel. She will surely be missed but she will forever be in my heart.

I never thought Jerry would slow down or quit working. She was a short but great ball of energy and enthusiasm. She is quite likely the best known and universally respected AID staffer ever. Her integrity and professionalism was profound. And, of course, there was that unbelievable sense of humor. Will we ever forget the first class toilet paper airplane ride, the staple in the finger, the slap on the back at the water fountain, and of course, refusing to let Administrator David Bell into the bureau Christmas Party. There were times when she made me laugh so hard I got a cramp in my heart. Will she be missed? By people all over the world, of many nationalities, young and old, peers and supervisors, and so very many that she personally helped out in so many ways. I regret that we couldn't have gotten together again in recent years, maybe an encore performance of the "AB and the Precepts". She leaves us much to ponder -- how to succeed with honor and kindness and humor. Well, my friend. rest in Eternal peace and know that you were loved and made this earth a far better place for having been here.

We knew Jerry in Budapest when she was with the Tiger Team. She always had such a positive attitude towards her work and her friends. She knew her stuff, but never lost her sense of humor and was definitely a participant in all our parties. Later on when we were all back in Washington and I would meet her in the hallways of the RRB, she always had the latest news of mutual friends and career advice as needed. Jerry, you will be missed by many.
