Dear Ann and family, I can not tell you how sad I was to hear of Bob's passing. We have been friends since I first moved to Angola Beach and have shared many good times together, When Bob was President, I always supported him 100% You two always gave AB&E all you could and it was so unselfish and everyone admired you and Bob and your dedication to the organization. In Bob's honor from here on I shall be the one nay in every vote taken. We laughed over that so often. Ann, I am so sad I can not attend because I'm at my son's home until the first of May....When I get home I will call and arrange to meet you for dinner. Anything I can do for you, consider done. I'm a phone call and a block away.. Deepest sympathy and my love to you. Kay Hoyle

Dear Ann, My deepest sympathies to you and your family. Knowing you and Bob for so many years, I came to appreciate and respect you both for your dedication to the community and your friends. I considered myself a friend and having lost my husband 5 years ago, I know the pain you are feeling. I really wish I could be there with you, but I can't get back to Delaware until May 1st, but know you are in my thoughts. Hang in there, and if you ever need to talk, please call me. These are tough times but you are strong, you will make it. RIP Bob, it was a pleasure to have known you.....Love, Dixie

I know this is a difficult time for all of you. Mrs. Fillmore, Carol, Robin, Bob, Ed and your families. I just want to share with you all a little something. Although I do not know too much about the life your parents made in Delaware, I have great memories from good old "Bond Street" in Rahway, NJ. The pool, the garden and playing kickball in Merck's parking lot across the street. Let's not forget that awesome screened in back patio! Many memories! I still pass that house from time to time. My children are tired of hearing, "that's where Aunt Carol lived when we were younger". That will always be "The Fillmore House". No matter who lives there. When I see that house I always think of Mr. & Mrs. Fillmore, aka Bob and Dolly! That's how I see your Dad! That's how I see your Mom. Nothing will change that. Cutting grass.....and don't forget....putting the trash cans out when it snowed so Merck employees didn't park in the shoveled out space! Wait..here's one better.....going to school in the tan station wagon! I hope I made you laugh! You won't always be sad. Talk about the great memories and remember! With all my heart, I'm with you in spirit and you're all in my prayers. God's perpetual light is upon him, at peace. God Bless! Karen
