I was so sorry to have missed Jill's memorial service as we were out of town this week and unable to change our plans. I was so saddened to hear the news of her passing. She was so full of life and adventure and independence! I always loved seeing her for events and outings with friends. We shared stories and photos whenever together of our nephews and nieces - she just loved being an aunt. Her love for her family was so apparent. My deepest condolences to her family and all who knew her. Sending prayers for strength and comfort during this terrible time. May sweet Jill rest in peace.

She and I used to go hang out at spa world, sweat our butts off, and just talk about things. That was our little escape-from-the-world hangout. I know she is in Heaven navigating all the different places she wants to visit up there!

I remember Jill's love of travel, food, wine, especially prosecco, flip flops, Spa World, George (her cat), her sister/brother in law, and mostly her overwhelming love for her nephews. When shopping she would love to look at and touch everything - and I mean everything. I will miss her hearty laugh so much. The world lost a very special person way too soon.

Looking back, I realise I hadn't spent much time with Jill at all - just a few gatherings of mutual friends. But she had such a personality she made you feel like you had known her forever. She was superbly intelligent, had a great sense of humour, and a wicked laugh. At any gathering, you knew that just standing next to Jill would be enjoyable. She is in a better place now but everyone who knew her, however slightly, has reason to be saddened that their own life is now less than it was.

Loved her spirit, her family ties and her wonderful being. She is loved and missed by the military community and so many of us that called her friend, colleague and/or wingwoman. Miss and love you Jill.
