Randall Gene Feher

OCT 3, 1954 - JUN 30, 2018

Randall Gene Feher, 63, Lewes, Delaware, departed this life on June 30, 2018, Milford, Delaware.

A longtime resident of Lewes and local builder whose talents are on display throughout Sussex County, Randy was an expert carpenter who was most comfortable wearing a tool belt and wielding a hammer. He was a voracious reader, a brilliant draftsman, and had a keen sense of humor. Randy was the master of his own destiny and lived his life on his own terms.

He is survived by his loving, patient and constant companion, Dorothy Horack; his mother, Margaret Mercner now of Venice, Florida; his father, Charles Backus, Sr. of Columbus, Ohio; his sisters: Susan Thompson of Galloway, New Jersey and Shelly Talmo of Phoenix, Arizona; and his brother, Charles Backus, Jr. of Springboro, Ohio.

Randy was preceded in death by his brothers: Robert Feher, Jr. and Richard Lee Owens, both of Warren, Ohio.

A private memorial service is planned.

In lieu of flowers, the family would appreciate a contribution to Delaware Hospice: 100 Patriots Way; Milford, Delaware 19963.

It is so hard to write these words and even harder to see them through my tears. You were my sounding board through so much of my own struggles. You cared for and loved my dog, Lovey and even Pookie (my bunny I got busted having in my dorm room). I think of you all the time and will miss that laugh of yours. You taught me so much about life and how to rise above situations that I found impossible to handle. I'm going to miss you more than you will ever ever imagine and will love you and carry your advice in my heart. You helped make me a better person. My heart weeps, but I know you are with me and always will be. Shell-bell

Dear brother you are truly missed and you never saw my last email sent to you. Suffice to say you live on in my heart and I think of you each and everyday of my life; every time I put my St. Christopher's necklace on or take it off, every song I hear that reminds me of you, every movie we saw together, anytime I use an expression of yours, in each of my interactions with my loved ones that are simply influenced by your touch, every woodworking project I do knowing I will never approach your mastery, and especially every time I look up and see that The Sky is Blue. I am so very sad to lose you. Your loving brother Chuck, a.k.a. "Fats"
