I am so sorry to hear that Steve passed away. I was impressed that, all through his medical trials, Steve always stayed calm - except for the time right after you moved to Georgetown. You and I were going to the beach, and the TV didn't come on. We were trying in many different ways to fix the problem, without success, when a neighbor showed us that it was just a wall switch that had accidentally been on the "off" position. We knew that there was not going to be beach time until the TV was working again! You have my prayers and sympathy, Bats.

Dear Betty, My fondest memories of Steve will always be of him as the dedicated Rotarian that he was and especially at PETS just before he was President of the Georgetown Rotary Club. We shared many stories and trials and tribulations of keeping his club afloat. I know he will be solely missed. My Deepest sympathies to you and to your family. Susan N.
