Douglas E. Read

SEP 27, 1956 - JUN 1, 2019

Douglas Edward Read, age 62, of Palm Beach, FL passed away on Saturday, June 1, 2019, in Rehoboth Beach, DE.

Born in California in September, 1956, Doug spent his childhood in San Diego, Mississippi and Syracuse, New York. He received a Bachelor of Science in Industrial Engineering from the State University of New York at Oswego in 1978 and a Master's of Science in Organizational Management from the University of Maryland, Towson, Maryland, in 1992. He had an interesting and varied career, including as a teacher and designer of products for Black and Decker, Inc. After moving to Washington, D.C., he spent almost twenty years as a lobbyist for organizations such as The American Petroleum Institute, Society of Automotive Engineers, The National Electrical Manufacturers Association and The American Society of Heating, Refrigeration and Air Conditioning Engineers. By far his most rewarding "career" was his volunteer work in retirement as a "Junior Cashier" at The Church Mouse Thrift Store in Palm Beach and the All Saints Episcopal Thrift Store in Rehoboth Beach.

Doug is survived by Wayne Wenzel, his husband and partner of 25 years; his mother, Marilyn Munger of Syracuse, New York; two brothers James Read and Larry Munger; nieces and nephews and countless friends. Doug was the life of the party, the center of attention and never met a stranger. He will be missed by his many friends in Washington, Rehoboth and Palm Beach.

Please join us in celebrating the life of Doug Read on Saturday, August 17th at the Club House at Baywood, 32267 Clubhouse Way, Millsboro, DE. The program will begin at 11:00 am., with lunch to follow. Please dress casually. Attendees will be invited to speak. If you are planning to attend, I would appreciate it if you would let me know by August 1, at wrrw1420@gmail.com, so we can get an approximate head count for lunch. Thank you and hope to see you there.

In lieu of flowers, memorial contributions may be made to Delaware Hospice, 100 Patriots Way, Milford, DE 19963, the Cancer Support Community Delaware, 18947 John J Williams Hwy, Suite

Andrew Goldberg posted:

Wayne, I had the pleasure of working with Doug while he was at ASHRAE and I worked for a related organization. His dedication to his work, his sharp wit and ebullience made it a joy to work with him. But it also was clear that his heart was with you and the love the two of you had made together. Please accept my sincere condolences on his passing.

Dave And Nancy Beck posted:

We had the pleasure of knowing Doug only a relatively short time, but we shared enough time with him to see him as a devoted husband, a happy man who enjoyed life to the fullest. He was equally at home entertaining the blue-haired ladies of Palm Beach and sharing his home and garden with Wayne in Delaware. We will remember his fun-loving spirit and great sense of humor. Our heartfelt condolences go out to Wayne and the rest of his family. Nancy and Dave Beck

Spencer Kingswell posted:

Oh My!! My feelings are beyond words. I saw him last at Beebe and he said he was doing well so this came as a shock to us, but then I probably knew his condition was not good, but just like him he did not let it be known. He still smiled and we chatted what an amazing person. We will think of him often. Spencer and Frank Beebe volunteers

Awful news. Doug was a bright spot in my life, and knowing him was a true gift. So very sorry, Wayne. Grateful that I have happy memories of the two of you--and of your beautiful wedding.

Francis Dietz posted:

Oh dear, this is such sad news. Doug was such a warm, funny, mischievous individual - someone with whom I shared many an irreverent joke or story. We worked for a time in the same office suite when I was at ASME and he was with ASHRAE. We had many good times, all us standards geeks. He will be sorely missed.

David Karmol posted:

I worked with Doug through much of his career in Washington, and enjoyed every minute I spent with him. Doug could make the dullest meeting fun, and could always make fun of the situation, himself and his friends. In DC, it was always helpful to have a sense of humor, and Doug never failed to show his wit and his warmth, wherever he was. I am so sorry to lose him as a friend and I am sending my thoughts and prayers to Wayne and Doug's family. He will be missed greatly.

My deepest sympathies. Doug was a mentor and partner as we stood up the High Performance Building Council at the National Institute of Building Sciences. He always brought the right mix of intellect, humor and common sense to our discussions. Sorry for your loss.

Ron Vaughan June 7 at 1:09 PM

I am a 15 year Docent at the Flagler Museum. Only met Doug once when he worked with us at our Holiday Evening Tours of Whitehall. He seemed so enthusiastic about being a Docent. I'm glad to have spent just moments with him and am sorry for your loss. Ron Vaughan.

Fred Sciallo And Tom Flanagan June 6 at 2:42 PM

Tom and I will miss Doug very much. He was so special to us. He was a man who can love and also welcome it. His ability to socially acquaint himself to people and exhibit an authentic interest in others was a quality which was admired by us. Doug thank you your positive force in this world. Our hearts are with Wayne and Doug's family.

Mark Ames June 6 at 9:35 AM

Doug was my supervisor, mentor, and friend when I was a young government relations professional in Washington, DC. For years, I had the pleasure of seeing him almost every day. His office was next to mine, and we shared many long hours talking about work, our careers, and life in general. His unique sense of humor still makes me smile as I remember his jokes, the barely office appropriate GIFs he'd send, and certain sayings that, while funny, contained deep wisdom. He was infinitely kind, understanding and wise. He was a builder who left the world a better place. He is missed.
