(Second attempt) When I opened my own law office in Wilmington in January, 1986, Michele was installed as my receptionist and first paralegal. While her formal paralegal training didn't occur for a number of years, she didn't need it. From her very first day on the job, she picked up the complexities of preparing real estate settlements amazingly fast, and required very little input from me. Her pleasant voice and helpful personality made her an instant favorite with clients. She immediately became the de facto office manager, and one of the very best real estate settlement paralegals I've had the pleasure to work with! While we fell out of touch after she assumed a position at Morris James, when I read Michele's obituary I was heartened to learn that this most outstanding employee enjoyed a variety of interests, maintained loving family relationships and developed a deep spirituality - all in all a life well lived! Peace, Michele. Richard E. Franta
