Me and Mike we in a band in the 70's called "The Misfits" He was a great drummer and was a natural drummer. By that I mean that when he beat drums it was coming from his heart and soul. You can't be taught that and you either have it or you don't. We played at various venues from 1970 through 1973 including Pool Party dances, Fire Hall dances, High School dances and the Carousel in Cambridge. My heart sunk when I heard of his passing. My thoughts went back to the time we played on the stage together. He never missed a beat and was always on time. God bless you Mike. I miss you Mike and wish I could have seen you one more time.
