I met Harpo like a lot of people, in need of and searching for car related parts. I never thought that purchasing a set of heads and an intake from someone I'd never met before would turn into a 25 plus year friendship. His knowledge of parts and willingness to share that knowledge never got old to me. I always enjoyed hanging around and talking cars and deeply appreciated all of his help. I will surely miss him as many people will. My love and prayers go out to his brother Sam that I had met through Harpo and his two sisters Brenda and Deborah, whom I just met at the memorial. God Bless you all.

I met Harp forty plus years ago and because of our common interests became instant friends. I will never forget my friend and all the car shows, meals and laughs we had together. My heartfelt sympathy goes out to Sam and his family. Love ya Harp! Jeff and Judy Scott
