I met John and June through my sister, the late Mary Huxley. June was so loving she just pulled me and my family into her heart. June and I loved yard sales and flea markets. I think June lived an amazing life surrounded by her large family and beloved John. She loved her dogs and gave them wonderful lives. 80 years is wonderful and for the most part in happiness and health. God bless June's family and friends. Happy trails dear June.

We met June for the very first time in 1987 when we flew to the USA to visit relatives for the first time after the passing of my husband's father Jack, who was brother to June's father Arthur. We had not known about June until a family bbq that our American family organised for us to attend to meet everyone! June, John my husband Georgie and myself struck up a friendship and natural bond that has lasted throughout the year's despite the distances between us. We will never forget the memories made during the several times she and John flew over to the UK to stay with us, her amazing generosity and love she gave to all our family here, the fun and the laughter. Unfortunately we did not get the chance to visit June one last time but she will always have a special place in our hearts, and all of our extended families too. We loved her very much. Our hearts are with all her lovely family, always. God Bless you June, we were so blessed to have you in our lives.
