I am so sorry to hear of Jane's passing. We were neighbors for many years. We kept in touch every few months and shared what was happening in our lives. Stories of grandchildren were always shared --she was very proud of her family. We also shared some nursing stories as we both are retired nurses. I will miss those phone calls .My sincere condolences go out to her family.

My condolences to Jane's family. I meet " Miss Jane" 13 years ago while she was working as a Volunteer at Beebe Healthcare in the Sunshine Cafe as a Cashier. Shortly after I met her while visiting a resident at the Moorings (Signa Souder) and was told of their longtime friendship. She will be greatly missed by all who knew her.Victoria Satz

To Jane's family: We've never met but I want to offer my condolences on her death. My late mother was also a resident of the Moorings and Jane was always so kind to her and to us when we visited. When she was still driving, Jane would take my mother places once she stopped driving herself. When my mother had to move from independent living to the skilled nursing unit, Jane was one of her regular visitors. My mother enjoyed and appreciated those visits so much. Jane also organized lunch outings for a group of women who had done volunteer work together. My mother was part of this group and always enjoyed the chance to visit with everyone. I'm sure there are many people with similar stories. Sincerely, Suzanne Souder
