David, Was the absolute best friend a person could only wish for and I was lucky and blessed to have shared the most unique friendship with him for 34 years. I was shocked and saddened by your death and can only keep the faith that we will be united again one day. We text just days before and if only we knew... I don't understand it but I miss David more as the days go by and pray he is at peace. 🙏 David didn't share hugs and kisses but was one of the most loving people you could ever have met. Miss him so much! RIP my beloved friend. xoxo ❤️
