On December 6, 2024, I lost the love of my life. We met as freshmen at St John's University, Queens campus. He was from Camden, NJ. I am a New Yorker. That was 55 years ago, which means we shared every day and hour together for 65% of my life. I learned early on, that Gene's number one love was baseball, later years softball. He was a more devoted husband and father because of being able to enjoy his passion in life Which began when he started playing little league. He played every year of his life since then, until 2022. I lived 55 years of my life as a happily married wife and mother of our two children. My memories are happy, loving and plentiful to carry me through until our paths cross again. Your loving wife, Nancy.
