William "Bill" H. Griswold, III

NOV 9, 1930 - AUG 30, 2025

William Henry Griswold, III, “Bill,” beloved husband, father, grandfather, and great grandfather, passed away peacefully, surrounded by his family on August 30, 2025, at the age of 94. Born in Portsmouth, Virginia, on November 9, 1930, he was the son of the late Ruth (Chapman) and William Henry Griswold, Jr.

A proud graduate of Cradock High School, Class of 1948, Bill went on to earn his Bachelor of Science in Education from the University of Virginia. He continued his academic journey with a Master of Arts from New Jersey Teachers College in 1958 and later received his Master of Education from Rutgers University in 1964.

Bill served his country honorably during the Korean Conflict as a member of the United States Army’s 716th Military Police Platoon. For his service, he was awarded the National Defense Service Medal and the Good Conduct Medal.

Following his military service, Bill dedicated his life to education. Throughout his distinguished career, he served as a public school teacher and coach, Supervisor of Physical Education for Wilmington Public Schools, Supervisor in the New Castle County School System, and ultimately retired as the Athletic Director at Concord High School. He touched countless lives through his commitment to education and athletics.

An avid sports fan and athlete, Bill played Division I football at UVA and was even drafted by the Baltimore Colts. However, his passion for education and devotion to his family led him to pursue a different path—one that enriched the lives of so many. He was a skilled bowler, an enthusiastic woodworker, and a devoted coach of youth football and baseball in his community. He loved connecting with people and could spark a conversation with anyone about anything.

In addition to his parents, Bill was preceded in death by his beloved wife, Elizabeth Brooks Griswold.

I remember when he took over as the driving instructor for me. He was always calm and always patient. I saw him mad when someone had walked over his daughter's spider and one or two other times, but never when teaching. He had a great laugh though. My condolences.

One memory I have is when Susan was moving into the Towers at UD. Naturally, at five or six year old I went along (in a nicknamed car I will not say here) with Susan and Mr. Griswold to "Help". Once we were done with the move, we said our goodbyes and the door closed. My head dropped and tears started to roll down my cheek. I cannot remember the words of comfort offered, if any to be honest. All I remember is Mr. Griswold scooping me up in his big long arms and being carried out to the car to head home.

I recall how flattered my dad, Frank Forgione, was when told by Bill Griswold how jealous he was of dad's ability to wall paper his dining room and living room. Now, everyone knew Mr Griswold not only had all of the tools, but used them all effortlessly. And usually helped others in the neighborhood. So I distinctly remember the disbelief when Mr Griswold asked dad to show him his secret to wall papering. It was the ultimate compliment for Frank! Our prayers and best wishes to the Griswold family. Chris Forgione
