I'm so sad to hear about your Mom. I first met Betty in 1976 as a "young whipper snapper" nurse as she called me at 29 years old. We instantly clicked and became fast friends. I know how saddened I was when she left the office. We kept in touch and my husband, Walt and I enjoyed getting together with your Mom and Dad when we could. The last time she and I were together I brought photos from our days at the pediatric office. Sadly she didn't remember me or those photos. The memories are mine, tho. I loved her and will miss her. I know she's happy to be with your Dad again. ❤️ Thinking of you all. Beverly

Aunt Betty - as she was to me - was a tough but great influence over 15+ important years of my childhood. She could be stern but her point of view was almost always spot on. And having a relationship with her that was not one of mother and son was very beneficial to me. She will be great missed. My sincere condolences to Stephen, Christen, Lauren and the whole extended family. You were all so lucky to had Betty and Fred as your parents. Peter Homsher
