“ Mrs. Bazzoli made a huge impact on the lives of thousands of Delawareans during her tenure as the Executive Director of West End Neighborhood House. Serving from 1965-1972 she led the agency in developing the model of a multi service social service agency, which still exists today. She led the community by developing multi-racial programming and staffing during one of Wilmington's most tumultuous times. She also took a leadership role in developing a modern facility, which still exists at 710 N. Lincoln Street.

The staff and Board of West End Neighborhood House recognizes the significant contributions she has made to our agency and to the people of Delaware. Her work lives on today. To her husband Jim we thank you for her life and share our deepest condolences.

“ Mrs Bazzoli has a special place in my heart always! Frances and I worked together in Rehab to restore function and strength years ago. Never met a more motivated client/friend. I recall visiting when they moved to Cadbury and having lunch together. Beautiful people I will never forget. Barbara Martin

“ Dear Mr. Bazzoli

I worked with Mrs. Bazzoli at Rockford Center. She had a great influence in my life. I remember when she and I took an art history class in the evening I think it was at Warner school. She shared with me her passion for the arts and I will always appreciate that. Her kindness and love she shared with me was unconditional. I remember when I moved into an apartment at 1525 Delaware ave and you came helped me put in new cabinets, Basically helped me clean it up. I never met my landlord when I was living there but I do remember that it was 125/month. At that I enlisted in the army and the two of you took my dog Sarah while I was away. I did become an RN and have had a wonderful career BUT not without her encouragement.

I am so sorry to here of her passing and I know the two of you had such a great marriage and a wonderful life. I just wanted to share and I have not forgotten. So sorry for your loss.

Sincerely Sandra Mis (Williams)
