“ I met this beautiful person in the 1990's at IRS when she was known to me as Fran Lake. I was so impressed with the knowledge she commanded of her projects in meetings and the End of Year conferences and more. She inspired us newbies at IRS to do the same with the hard work and dedication she displayed. Later Fran Lake became known to me as Linda's Mom. Linda a dear friend would tell me in conversations over the years of the stories of times at the beach in Delaware that Fran so dearly loved with her family. Some things that happen at the beach are never told, I guess, for reasons of love. I never knew Trace was left briefly in the water. This memory of being with her great grandson and her daughter and countless others family gatherings at the beach are what binds this family together and cement the legacy of Frances O'Keefe. To the family this beautiful legacy of family and love and caring is what binds you and sharing these memories and new ones you create in years to come will honor Frances O'Keefe for eternity and give you strength..."because The Heavenly Father now carries Frances O'Keefe in his arms, we can sleep in peace.

Sincerely, Randall Lucas

“ I was blessed to have Fran as a dear friend for over 40 years. We worked together and played together. Every spring we tried to take a trip somewhere tropical. I have many wonderful memories of lazy days on the beach and Fran finally teaching me to swim. So many good times. One year her sister Sally came with us to Jamaica, it was very special. Fran was such a generous, caring person....one of a kind. She gave so much love to her family and friends. It was a privilege to know and love her.

“ I tried to put 40 years into a paragraph, but I can't. So, just like Fran, this is short and sweet. Smart; great co-worker; fantastic friend; great laugh; wonderful smile. She found Judy for me. I am forever grateful.

“ When I was 12 Frans’ daughter Kathy and I were best of friends (still are). Every summer I would spend a couple of weeks with Kathy and her extended family at the beach. Fran treated me like family, fed me, drove us around, took us to the ocean. I can remember her going out to buy me allergy medicine. Fran enriched my life. My favorite memory was New Years 1980 at the Elks lodge. She was disappointed that Marylanders did not know how to do the mummers strut like they do in Philadelphia, she proceeded to show us all how it was done!
I was fortunate to know Fran most of my life. She will be dearly missed.

“ Fran was my mentor and friend when I started working for Northrop Grumman in 1998. I had lots of fun with her, but didn't want to be on the wrong side of her either. LOL She loved her family and was always talking about them. Fran will surely be missed.

“ Fran was a wonderful lady and will be missed. I have known Fran since 1974 and she was my team leader and mentor when I moved to Washington DC. We had some great times, both at work and outside of work. She was a caring and happy person and I can still hear her wonderful laugh. I was lucky to see her at her 80th birthday party and spend some time with her. I will miss her FB messages that always contained joy and happiness. Rest in peace, Fran. I will miss you. Will toast you with a Yukon Jack.

Love, Randy Grottke

“ I have known Fran since 1977. She was a loving and caring person to all she met. She was my coach, mentor and close friend both in and out of work. She was also like a 2nd mother to me. She introduced me to my husband of 38 years, Jerry, whom she knew through work and the bowling league that she convinced me to join. I will miss our lunches here and in Fla, especially at Perkins when we had to decide which pie to get. What I will miss most is our weekly phone conversations catching up on family and things.

You will be in my prayers always,

Love Liz Murchie

“ Fran and I (Gabriel Alcala) shared responsibility for managing the testing of IRS software from 1998 till 2005. With a team we jointly hired, we saved the IRS and the world from the Y2K threat. We made it possible for all honest Americans to pay their taxes. Yes, we shared common political positions.

Fran was a beautiful person. She loved her family so much. She may have had disappointments; but, she never stopped loving.

I remember, each morning, I would wait for her to get to work and together we would walk to the cafeteria, get our coffee and a roll, and enjoy some wonderful conversations. These were special moments. I met all her family, especially Dave, through her descriptive stories - there were so many. We started each day with a laugh.

She will be in my prayers,
Gabe

“ Larry and I are so sorry to hear about Fran's passing. The few years I worked closely with Fran are among the most memorable of my career. Fran was fun, generous, kind, intelligent, dedicated, loyal, and even occasionally outrageous. The world has lost a good woman. We send our condolences to her family.
