“ Harry had a crazy kind of light about him. What a character! I happened to meet him a few years ago while he was cutting grass, and I looked forward to seeing him every time I came to Milton. Whether he drove by and honked or tooted a horn from his upstairs window, I always felt he was looking out for me. A special man. Boy I'll miss him.

“ Our thoughts and prayers go out to Harry’s family. Harry took care of our lawn for many years as well as shoveled the snow. He was such a hard worker and also did his best. He would check up on us periodically to make sure all was well. RIP Harry Mary and Walt Goering

“ Harry, I’m heart broken you’re gone. I’ve known you since I was a little kid and you were always working around town and in my family’s yard. All our conversations through the years from my childhoods through adulthood, I always counted you as a friend. You were the hardest working person I’ve ever met, but at the same the most positive person I’ve ever met. If people were complaining about it being too hot I’d see you out there pulling weeds in 100 degree weather with the biggest smile on your face. I’ve always admired you, you were an incredible person and an incredible soul, I always meant to tell you how much I admired you, I wish I had known I’d never get the chance.... I would’ve made sure to tell you earlier. I feel like you’re part of our family, I remember you from as far as back I can remember, and I’ll always remember you. Rest In Peace friend.
