“ Dear Charlie and Family,

So saddened to hear of Jeannette's passing. I knew her from the Manheim Auto Auction as we worked and toiled as notaries and shared our common interest in genealogy. We shared a trip to Ellis Island and other fun times together. I've missed her [and you] as you moved to Delaware. Peace be with you all.

“ May God bless you and your family. Though you do not know me, I was fortunate to serve with your son on the USS Normandy years ago. I am sure he always kept you in the know of the times, festivities, and mission as we sailed. Please know your son was an officer and a gentleman even though he was SOPA and lost a couple of Sailors, temporarily, in Israel. He even taught an old salt like me a few good lessons. Again, may God bless you and your family.

“ Jeannette was always happy to see my kids at Fred and Sherrys house or at their many activities. It meant a lot to my kids and me to engage with them at all the different events. My kids did not get to experience their own grandmas as they grew so it was extra special the attention she showed them. She will be missed. Keeping all of you in my thoughts and prayers.

“ I always enjoyed time spent with your mom, Brenda. We would enjoy chatting and catching up during celebrations for your children. I think I met her first when they invited me to accompany you to the Army Navy game. She managed to make me enjoy a football game . I know you will miss her. Remember the happy and fun times you had together.
