Joseph Ben Pietrowski Jr., 81, passed away on February 8, 2022 from a courageous battle with COVID at Beebe Medical Center in Lewes, Delaware. Although he was vaccinated and had received his booster, he succumbed to Covid Pneumonia.

Joseph was born on a large farm in Romulus, Michigan on June 15, 1940. He graduated Milan High School in the Class of 1955. During high school he rose to the heights to become the number one sharpshooter in the State of Michigan. Following his graduation, he was offered a full scholarship to Michigan State. He declined the scholarship and chose instead to serve our great country by enlisting in The United States Navy, where he served for four years.

After his military service, he returned home to Michigan, where he settled in to raise his family and return to his love of farming. As much as he loved Michigan, the large farm proved to be too isolating for a young family. He then moved his family to Cape May, New Jersey. He became active in St. Raymond's Parish, where he volunteered as a CYO basketball coach.

Joe had many talents and skills and was affectionately called a "jack of all trades." He had been in the bricklayers' unions and laid block for construction of the mall in Rio Grande. He was a master carpenter and could build custom cabinetry. He had a plumbing license, was skilled in auto mechanics and autobody repair and customization.

Despite all the skills and trades, farming was his true love. He eventually took up his love

of farming again in Cape May and was the owner and operator of Alexander's Farms on Rt 47 for over 25 years. After retiring from farming, he spent his time in the greenhouses at his home growing flowers and restoring antique John Deere tractors. He was considered a master at tractor restoration and one of his tractors was even shipped to Belgium. He will be sorely missed by all who knew and loved him.

“ I hope all of my Uncle Joe's friends and family can find comfort knowing he is back with his forever love and the one who was the farm stand co-owner, Kathleen Alexander.

“ Our thoughts and prayers go out to your entire family. I remember picking green beans on your dad's farm in Michigan when I was 9 or 10 years old and going to the Eastern Market in Detroit to sell them. I remember spending the night in that old scary farm house your mom and dad were fixing up. That was a long time ago. Rest In Peace Joe.
