“ Where do I even start Nanny you helped me from day one just the car rides to the gas station to get sugar cookies to going on R.V. trips and showing me places I would never expect to see all the water park visits we did when we knew there was a beach 5 minutes away but the water slides were always way more fun and you loved the time to go on the lazy river to the back scratches while sprawled out on the floor watching the news to me waking up to the smell of pancakes and dippy eggs there's so many memories that I will forever remember you by but the best thing that I remember you by is just being the best most genuine kindhearted person I've ever met in this world and I'll never be able to thank you enough for all the things you taught me showed me and made me value more in life thank you Nanny I love you rest in paradise Nanny

“ My favorite memory of her was her yelling at me and Austin because he was coming to the dew tour with us and she wouldn't allow us to sleep in the same room. She was always smiling and happy. Rip grandma, until we meet again

“ To my mom, the best mom a girl could ever ask for. You protected me from as much as you could, even in your last days here on earth. No words can ever describe how much I love you and miss you. Until we meet again....

Love,
Kelly
