“ So very sad to hear about my beautiful friend, Pat! We have known each other since our children were toddlers. She was one of my biggest supporters with the loss of my son. Not too long ago, she told me how much she missed him. I loved her warmth, quick wit, and always made me laugh. I will miss and love her forever!

“ Pat was a dear friend, I will miss our long talks. We didn't get very far in trying to solve world problems, but we did give it a go. I feel like I know you all, her family, I would have liked to have met you if not for Covid, preventing that. I wish you all peace and comfort during this very difficult time. Pat was one of a kind, a deep down good people person. She had a lot more energy than most people. And she had a zest for life, always wanting to do more! I'll miss her tremendously. My thoughts are with you all.
